

### Warm Up: Empire Building

**Directions:** Think back to Persia, the Golden Age of Athens/Hellenistic Greece and the Roman Empire. By studying the past predict what will happen in the next unit of study in ancient India and China. What will cause empires to exist and emerge then develop and evolve? What causes empires to fall?

<b>Empire:</b>	<b>What caused empires to exist and emerge (what do they need to begin)?</b>	<b>What caused empires to develop and evolve (once they have the foundation what caused them to improve)?</b>	<b>What caused empires to fall?</b>
