1. Please complete this online class assignment. Your goal is to complete [one assignment](#) and submit it to me - either through Google Classroom or Email. You need to submit an assignment to me to receive credit for the class.
2. I will be available through Google Voice to chat with you during our scheduled class time. You can always email me directly to contact me.
3. **Watch the [YouTube video](#)** that was created for this lesson. You can then pause the video and rewind the video as you need to - so you can complete the assignment.

7. Complete the questions at the end of the story.

There are some additional [online resources](#) (separate PDF) that you can use to review some skills. You don't need to submit anything - but they would help you become stronger. These websites are available to you at all times.

Homework:

- Choose an [online resource](#) to improve your english and math skills

Optional: If you didn't complete the previous assignments ([Ron McNair pg 134](#), [Sol Arimendi pg 239](#), [John Heyn pg 109](#), [Marat Kogut pg 125](#)), you could do that. The stories and video readings of the stories were previously posted on Google Classroom. Links are included in this document.
