

Cooperative Work Experience

Topic: Personal inventory, personality types & career connections

Objectives: The purpose of this week's activities is to have each student take a personal inventory and make connections to careers or types of work best suited to their personalities and/or interests.

Essential Questions:

1. What is a personality type?
2. Why is it important to find a career that fits with my personality type and interest level?

Required Readings & Resources:

- Watch [17-minute TedX](#) on How to find and do the work you love
- Take the [12-minute personality-type test](#) (no login, no password)
- Review your personality type [on this page](#) & review the detailed description

Procedure:

1. Students will review the Essential Questions.
2. Students will watch TedX video
3. Students will take personality test, review their type and record their individual personality-type
4. Students will complete the Assignment by recording their personality-type (four letters), answering the personality-type questions and then completing the Self-Evaluation and Career Connection section.
5. Submit the assignment when all parts are complete.
